

**MUNICIPAL WATER DISTRICT OF ORANGE COUNTY
DIRECTOR, DIVISION 4**

DAN WORTHINGTON

OCCUPATION: Director, Costa Mesa Sanitary District
Businessman

Continuing the free flow of water to our residents at the most economical cost is my primary goal for MWDOC. My top goal will be to ensure the safe, reliable and efficient delivery of water to Orange County.

As a Director of the Costa Mesa Sanitary District, I have gained valuable knowledge regarding Orange County water issues. Congressman Dana Rohrabacher, Senator Ross Johnson, Orange County Treasurer John Moorlach and MWDOC President Brett Barbre have all enthusiastically endorsed my candidacy. I am honored that these respected leaders have recognized my effectiveness in the water community for the past 10 years. I will continue to work with these leaders in Washington and Sacramento to protect and secure our water supply.

At MWDOC, I will continue to work closely with the Mesa Consolidated Water District and the City of Huntington Beach to ensure all water needs are met.

As a local business owner, I understand the meaning of the phrase "Public Service." As your MWDOC Director, I will not charge the taxpayers for mileage to and from meetings, for my computer, fax machine, phone line, internet or toll road charges. I will push for evening meetings - times convenient for working taxpayers.
